

Carpenter's glue from Jowat for industry and trade

Detmold, 15 December 2020 – The adhesives manufacturer Jowat from Detmold has expanded its portfolio to add a selection of tried and tested carpenter's glues for industry and trade – supplied in a handy bottle and with a convenient durability.

Jowacoll® PVAc dispersion adhesives have been successfully used in industrial applications for decades. A special selection of those established industrial adhesives supplied by Jowat now also provides professional solutions for manual adhesive applications.

The comprehensive package of four Jowacoll® dispersion adhesives covers a wide range of applications in the furniture industry and in interior finishing. The carpenter's glues are supplied in handy 0.5 kg bottles with a reclosable screw cap and have a minimum durability of 24 months.

The product selection is comprised of the following glues: Jowacoll® 103.30 (D3 glue for superior requirements), Jowacoll® 103.70 (pH-neutral D3 glue), Jowacoll® 104.20 (general-purpose glue in D2 quality) and Jowacoll® 119.60 (lacquer glue for bonding difficult surfaces).

Introducing Jowat

Jowat SE with headquarters in Detmold is one of the world's leading suppliers of industrial adhesives. These are mainly used in woodworking and furniture manufacture, in the paper and packaging industry, for graphic arts, in the textile, automotive as well as in the electrical industry. The company was founded in 1919 and has manufacturing sites in Germany in Detmold and Elsteraue, plus four other producing subsidiaries, Jowat Corporation in the USA, Jowat Swiss AG, Jowat Manufacturing in Malaysia, and the Jowat Universal Adhesives Australia Pty. Ltd. in Australia. The supplier of all adhesive groups is manufacturing over 90,000 tonnes of adhesives per year, with more than 1,200 employees. A global sales structure with 23 subsidiaries plus solution partners is guaranteeing local service with close customer contact.
